Position Title: Summer Programs Volunteer

Reports To: Manager, STEM Learning Programs

Position Overview

The Summer Programs Volunteer assists the Summer Programs Teacher in executing classroom activities. Volunteers are responsible for working with students on classroom activities. Volunteers serve as role models for all students and are expected to act in accordance with student behavior contracts. Volunteers monitor student drop-off and pick-up as well as lunch and recess. Volunteers are required to work the entire weekly session, and are expected to work for at least four sessions.

Major Tasks and Responsibilities

- Assist in preparation, execution, and cleanup of onsite classroom Learning Labs and workshops for students as directed by classroom teacher
- Discuss behavioral issues with parents/guardians as necessary
- Assist counselors in filling out classroom accident reports
- Model good behavior for all participants and assist teachers in enforcing behavior policies
- Ensure that all programs are performed in a manner that is consistent with the Museum’s approach to STEM teaching and learning
- Other STEM Learning Programs tasks as assigned

Experience and Qualifications

- Experience with children preferred
- Must be age 15 or older and entering 10th grade
- Self-motivated, dynamic, able to work in a team environment, demonstrate a passion for STEM teaching and learning
- Bilingual a plus
